

SEREENA AHAMAD

Front-End Developer & Digital Designer

Kerala, India (Open to Relocate to UAE) • sereenaahamed@gmail.com • +91 9995598157

Portfolio: <https://portfolio-two-nu-36.vercel.app/>

PROFESSIONAL SUMMARY

Results-driven Front-End Developer with 6+ years of experience designing and building responsive, high-performance web applications using React.js, HTML5, CSS3, and JavaScript (ES6+). Proven track record of improving UI/UX for measurable gains in user engagement and accessibility. Equally skilled in digital design — proficient in Figma, Adobe Creative Suite, and Tailwind CSS — enabling seamless collaboration across development and creative teams. Certified in React (Meta) and UI/UX Design. Seeking to bring expertise and a user-first mindset to a forward-thinking organisation in the UAE.

Methodologies: UI/UX Principles, Wireframing, Agile Collaboration, Cross-Browser Compatibility

Other: API Integration, Frontend Performance Optimisation, Brand Identity, Social Media Design & Digital Marketing

PROFESSIONAL EXPERIENCE

Front-End Developer & Digital Designer | Alego Fire Systems — Thrissur, Kerala | Jan 2023 – Present

- Developed and maintained responsive web pages using React.js, HTML5, CSS3, and JavaScript, improving page load speed and cross-browser compatibility.
- Redesigned website UI/UX, resulting in enhanced user engagement, accessibility compliance, and reduced bounce rates.
- Produced the full suite of digital marketing assets — social media creatives, brochures, presentations, and campaign collateral — ensuring consistent brand identity.
- Managed and updated website content, maintaining accuracy and alignment with company services and live project data.
- Collaborated closely with marketing and project management teams to deliver timely campaign launches and project showcases.
- Optimised frontend codebase for performance, applying best practices in lazy loading, asset compression, and semantic HTML.

Front-End Developer & Digital Designer | AYJ Soft — Thrissur, Kerala | Nov 2021 – Jan 2023

- Built pixel-accurate, responsive web interfaces from Figma/design mockups using HTML, CSS, JavaScript, and React.js.
- Integrated RESTful APIs in collaboration with backend developers, enabling dynamic data rendering and improved application functionality.
- Improved application usability through iterative UI improvements guided by user feedback and performance metrics.
- Designed reusable UI components and digital assets aligned with project requirements and brand guidelines.

- Participated in code reviews, contributing to overall code quality and team best practices.

Front-End Developer & Digital Designer | Phosphoruz Technologies — Thrissur, Kerala | Oct 2017 – Mar 2019

- Developed and maintained frontend components for multiple web applications, converting design mock-ups into interactive, responsive interfaces.
- Created print and digital marketing creatives including flyers, banners, and promotional visuals.
- Assisted in API integration and frontend performance optimisation across platforms.
- Ensured design consistency and a smooth user experience across devices and screen sizes.
